- Information on competition.
- Assistance and advice on product improvement and enhancement.
- Flexibility in service to customer and ability to change as required.

WORK FLOW CHART

SAMPLING PROGRAM

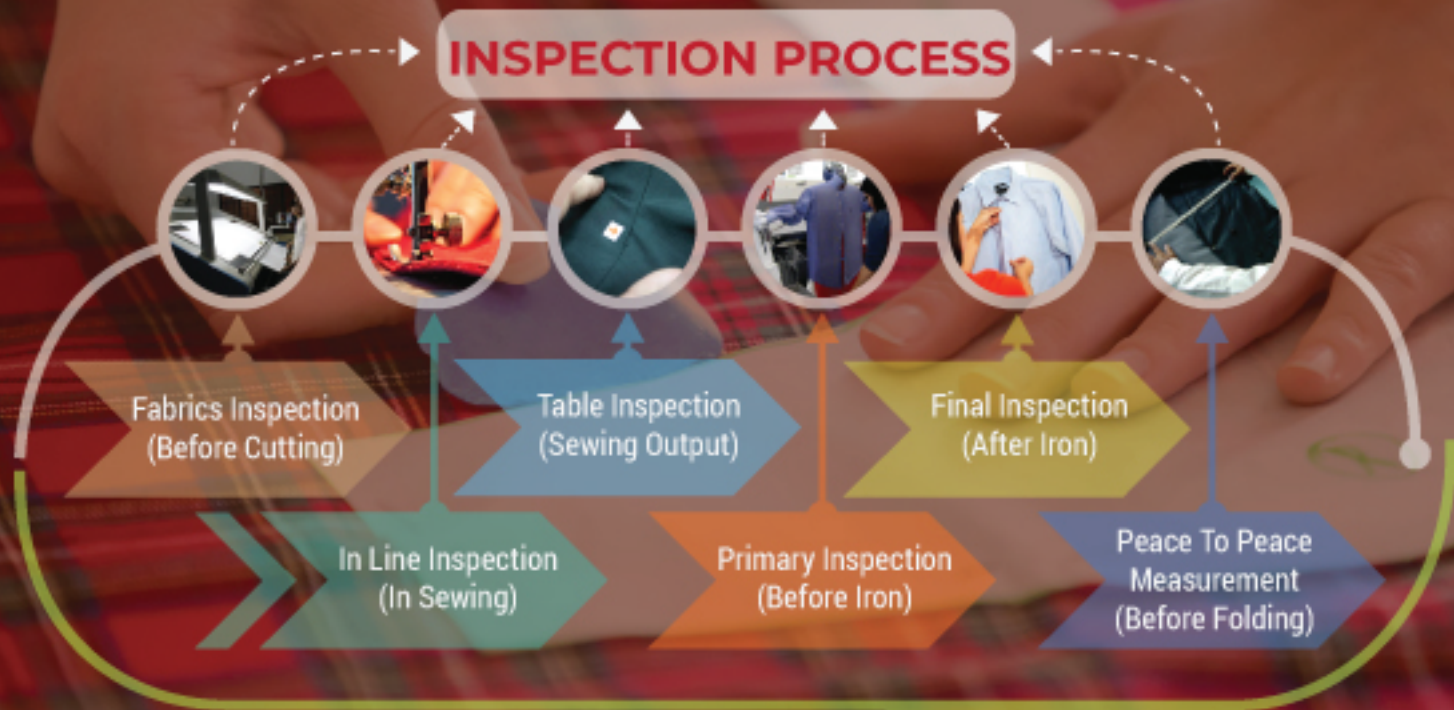

We need the spec, sketch, design and all details including the yarn composition and then we make sample for client's approval. Sometimes, we do this sampling according to a given sample (original sample) from the client-end and then send them for the client's approval. After receiving the approval, we make some more samples if required for buyer's satisfaction. If the sample quantity is a large number, then we make it as per buyer's requirements with a mutual understanding.

QUALITY CONTROL

"No way to compromise set / required / aspired quality level" This is what we believe in terms of quality. A group of well-experienced, efficient, self-motivated and dynamic merchandisers and quality controllers are working very hard to ensure the highest level of quality of garments with the right corner of the direction.

INSPECTION PROCESS

IN-TIME SHIPMENT

Our ceaseless and sincere effort always goes to ensure high class quality and in-time shipment. Since we believe in crystal clear views and straight-forwardness, we provide our clients a Critical Path Method (CPM) how goods will be shipped in the required / given to have clear direction of merchandising the goods. If any stage of the path is affected, our immediate attention and action goes to adjust this in very next stage. Our motto is - No way to compromise set/ required / aspired quality level.
